Re: Metropolitan Edison Company/Pennsylvania Electric Company/Pennsylvania
Power Company/West Penn Power Company
Results of Request for Proposals Process – September 2013 Solicitation

Dear Ms. Giesler:

On September 26, 2013, Metropolitan Edison Company (Met Ed), Pennsylvania Electric Company (Penelec), Pennsylvania Power Company (Penn Power) and West Penn Power Company (West Penn) (collectively, First Energy) filed the results of their Request for Proposals (RFP) Processes and Rules (September Solicitation), including the proposed bid results for provider of last resort service for all First Energy Commercial and Industrial Customers electing to receive default service from First Energy beginning December 1, 2013, at Docket Nos. P-2011-2273650, P-2011-2273668, P-2011-2273669 and P-2011-2273670. (P-2011-2273650 et al.)

The September Solicitation includes results for eight products in two auctions: a full requirements product for each company's commercial customers for the 12-month period beginning December 1, 2013 in the Fixed Auction; and an hourly priced product for each company's industrial customers for the 18-month period beginning December 1, 2013 in the Hourly Auction.

Both the Fixed Auction and Hourly Auction components of this filing are submitted in accordance with the RFP Process and Rules included in the Revised Default Service Plan (Revised DSP II) filed by Met Ed, Penelec, Penn Power and West Penn on September 6, 2012, as directed in the Commission's Order, entered August 16, 2012, at Docket No. P-2011-2273650 et al.; as modified by the Commission's Orders entered October 11, 2012, December 20, 2012 and July 16, 2013, at Docket No. P-2011-2273650 et al.

First Energy requests that the Commission approve the bid results from the September Solicitation on or before September 27, 2013.

Regarding both the Fixed Auction and the Hourly Auction, further investigation does not appear to be warranted at this time, since the bid results from both the Fixed Auction and the Hourly Auction appear to have been conducted in accordance with the RFP Processes and Rules, filed pursuant to the Commission's Opinion and Orders. Therefore, we approve the bid results for both the Fixed Auction and the Hourly Auction.

In addition, we direct First Energy to disclose the approved results of the September Solicitation in accordance with the Commission's Secretarial Letter in Re: Disclosure of Default Service Solicitation Results and Creation of a Default Service Rate Calculation Model, issued October 12, 2010, at Docket No. M-2009-2082042.

Please direct any questions to Anthony Rametta, Energy Supervisor, Bureau of Technical Utility Services, at (717) 783-5242.

Sincerely,
