Re: Metropolitan Edison Company/Pennsylvania Electric Company/Pennsylvania
Power Company/West Penn Power Company
Results of Request for Proposals Process – January 2014 Solicitation

Dear Ms. Giesler:

On January 14, 2014, Metropolitan Edison Company (Met Ed), Pennsylvania Electric Company (Penelec), Pennsylvania Power Company (Penn Power) and West Penn Power Company (West Penn) (collectively, First Energy) filed the results of their Request for Proposals (RFP) Processes and Rules (January Solicitation), including the proposed bid results for provider of last resort service for all First Energy Residential and Commercial Customers electing to receive default service from First Energy beginning June 1, 2014, at Docket Nos. P-2011-2273650, P-2011-2273668, P-2011-2273669 and P-2011-2273670. (P-2011-2273650 et al.)

The January Solicitation includes results for eight products in one auction (Fixed Auction): a full requirements product for each company's residential customers for the 12-month period beginning June 1, 2014 and each company's commercial customers for the 12-month period beginning June 1, 2014.

The Fixed Auction results were submitted in accordance with the RFP Process and Rules included in the Revised Default Service Plan (Revised DSP II) filed by Met Ed, Penelec, Penn Power and West Penn on September 6, 2012, as directed in the Commission's Order, entered August 16, 2012, at Docket No. P-2011-2273650 et al.; as modified by the Commission's Orders entered October 11, 2012 and December 20, 2012, at Docket No. P-2011-2273650 et al.

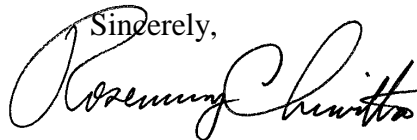

First Energy requests that the Commission approve the bid results from the January Solicitation on or before January 15, 2014.

Regarding the Fixed Auction, further investigation does not appear to be warranted at this time, since the bid results from the Fixed Auction appear to have been conducted in accordance with the

RFP Processes and Rules, filed pursuant to the Commission's Opinion and Orders. Therefore, we approve the bid results for the Fixed Auction.

In addition, we direct First Energy to disclose the approved results of the January Solicitation in accordance with the Commission's Secretarial Letter in Re: Disclosure of Default Service Solicitation Results and Creation of a Default Service Rate Calculation Model, issued October 12, 2010, at Docket No. M-2009-2082042.

Please direct any questions to Anthony Rametta, Energy Supervisor, Bureau of Technical Utility Services, at (717) 783-5242.

Sincerely,

Rosemary Chiavetta
Secretary
